March 22, 2011

Dear Community Member:

Support for Simply Vedic Community Center

Simply Vedic is a registered nonprofit organization. We foster a sense of community spirit and make a positive difference by providing social, cultural, educational, and recreational programs. Our program enriches lives and provides essential resources for the community by offering support in areas such as recreation, health, and education for seniors, women, and youth. Our unique approach to qualitative service is based on non-denominational ancient Vedic principles.

Simply Vedic has continued to grow strategically and compassionately, striving to better serve youth, seniors, and their families. Propelled by volunteers, ours is a story of hope and optimism—a story that speaks of the human ability to create, to achieve, and to make a tangible and lasting difference in the lives of others.

Our proposed 3-acre Community Center in Naperville will be a hosting ground for community events, socialization, and family activities. The Simply Vedic facility in Naperville will have a place for people to relax and meet others, enjoy a meal, browse through newspapers and magazines, play recreational games such as Bingo, cards, chess, board games, etc. and enjoy a feeling of shared community.

To achieve our goal, we need your support. We will be grateful for your kind donation. You can contribute either by mailing a check at the above address or online through our web site <http://www.simplyvedic.org>. We will be happy to discuss our proposed plans so please do not hesitate to contact me.

Sincerely

Naveen Sharma
